Many Things Are Meant

By many dealers who claim to handle groceries. When they advertise GOOD GROCERIES no mention is made of PRICE. When price is mentioned QUALITY IS OVERLOOKED. Again, sometimes they dwell on the virtues of a LARGE STOCK. In this case no claim is made to carrying FRESH GOODS.

MINES AND MINING

Items About Nevada's Leading Industry Clipped From Exchanges.

The Lovelock Tribune says that J. H. Thies will soon put about 100 men to work in his sulphur mines at Rabbit Hole.

Superintendent Kinkadee is having castings made at the Fulton foundry for the Gould & Curry company ore milling plant to be erected between the mouth of the long tunnel and the Oblaten shaft. There will be nine Kinkadee ore crushers. There will be five of these plants and five concentrating machines in one section of the mill and four concentrators in another section.—Virginia Chronicle.

The Salt Lake Tribune's Stateline correspondent says: Mr. Lathrop of the Ophir Mining company, after a stay of two days in camp, left for Salt Lake this morning, but before leaving he solicited and received bids for furnishing about 65,000 feet of lumber, several carloads of machinery and mining supplies, and as soon as the same can be delivered upon the ground will commence sinking the shaft, which he states, will be sunk at least 750 feet.

Millions Given Away,

It is certainly gratifying to the public to know of one concern in the land which is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on S. J. Hodgkinson, Druggist, and get a trial bottle. Regular size, 50 cents and \$1. Every bottle guaranteed or price refunded.

What Could be Nicer

For a choice, delicious lunch than a can of deviled ham or turkey? We have them, and many other suggestions in groceries. Cunningham & Ferguson, corner Commercial Row and Sierra Streets. Reno Nevada. 1f

Several of Theodore Winters' thoroughbreds arrived yesterday from Oakland, where they have been on the track for several months. They were taken out to Mr. Winters' stock farm yesterday afternoon.

ARBOR DAY AT THE UNIVERSITY.

There will be no school at our State university today, our governor having proclaimed this the occasion for tree planting throughout Nevada. Banks and all public institutions will be closed. Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women and all feel this results in loss of appetite, poisons in the blood, backache, and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind.: "He says: 'Electric Bitters are just thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and appetite than anything I could take. I can now eat anything and have new lease on life.' Only 50 cents at S. J. Hodgkinson's Drug Store. Every bottle guaranteed.

The Next Attraction.

Ward & Vokes' latest breeze, "The Floor Walkers," is the most pretentious effort of their career. It is a two-act salamagandi, and employs the services of forty people. The scenery for the two halves, into which the entertainment is divided, is very elaborate, and represents a charity bazaar, and the interior of the "Millionaires' Club."

Red Hot from the Gun

Was the ball that hit G. H. Steadman of Newark, Mich., in the Civil War. It caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. Twenty-five cents a box. Cure guaranteed. Sold by S. J. Hodgkinson, druggist.

Mrs. C. W. Holman of Auburn, Cal., has again returned to Reno, and is residing at W. J. Loftham's.

IT IS NEEDLESS TO SAY

That everybody uses groceries. However, many of them do not know that most of their food is adulterated by scheming manufacturers. Such concerns do not get our trade. Our prices are as low as GOOD GROCERIES are sold for.

THURSDAY, APRIL 12, 1900.

VILLAINY BEGINS WHEN MONEY IS REQUIRED.

The campaign work for McKinley has
its beginning by Hanna and the trusts
giving the material and most potent
part there is in it to secure success
that due consideration they are so
capable of giving it. Their co-opera-
tion was secured without effort, as the
parties to the conference were not only
willing, but they will continue to be
too much so for the good of the coun-
try. They must aid each other in a
work they have so much interest in
financially.

The earnings of seventy-five millions
of people on the continent are spoils,
and all they can get by robbing the
poor of Porto Rico and finally, in the
near future, the Filipinos. The latter
peoples, according to the trust pro-
gram, are to be robbed without law.
They have been placed outside of
humane rules applied by humane gov-
ernments to peoples who are subject
to their jurisdiction, as provided by
Congress. Porto Rico and its poor,
many of whom are starving, while
others have entered and are entering
the great beyond at the request of the
pale rider through the door of starva-
tion, are the slaves of a free people
through the cruel work of the money
power, that has neither mercy, nor
compassion for the people or for the
poor among them, which is a true pic-
ture there is given to the world by a
humane people who exercise dominion
over them.

Large sums of money will be provided
to procure and secure the continued
slavery of the people. It is ascertained
that large trusts will furnish over six
millions of dollars to buy the election
of McKinley. A letter has been given
out to the larger combinations re-
minding them of the large profits they
have received under Republican rule,
and the necessity there is to continue
the profits by giving a liberal money
support donation.

They are reminded that it is abso-
lutely necessary to subscribe large
amounts, as the recently developed
strength of the Democracy and Bryan
is such that no ordinary effort will be
required to secure McKinley's election.
The trusts have been reminded that
Columbus, Ohio, which has been Re-
publican by 25,000 majority, gave a
Democratic majority at its late city
election of 800.

They have also been reminded that
Kansas City, which has been largely
Republican since 1892, went Demo-
cratic at its March election and that
other places have surprised the party
by showing unusual Democratic gains.
The recent developed strength of the
Democracy in all parts of the country
has caused alarm in high places which
has resulted in a meeting of the direc-
torate at an earlier date than is usual
to procure money to aid in meeting
the tide that has set in against Mc-
Kinley and the Republican party.

Alarm is everywhere present among
the knowing ones who have the care of
the political interests of McKinley and
the trusts. The people have awakened
to the fact that McKinley and the
trusts are wreaking the government as
speedily as it is possible to do so, to
secure imperial rule by disregarding
and finally destroying the pillars that
support the republic. The awakening
will be terrible when the great body of
the people fully understand the im-
port of the work of Hanna and the
trusts. Millions that have bought
elections for more than thirty years,
when the people were not aware of the
work of the trusts, will be chaff before
the storm of popular indignation.
Hanna and others in iniquity with
him will seek shelter from the
storm wherever it can be found and
the millions will be permitted to take
shelter in the vaults of trusts and
other imperialist hiding places for
money, taken by legalized fraud from
a free people.

The neglect of the rights that repre-
sent the well being of millions of toil-
ers will be used as a scourge to punish
the villainy of trusts and the shame-
less work of Hanna in an enlightened
and Christian land. The conscience
of an awakened people will be as live
coals upon the altar of American free-
dom and the work of bosses and other
villains will be consigned to the ven-
geance of an outraged and defrauded
people. The assurance of the monied
despot and tyrant will melt in the
breath of a determined populace and
seek immunity from just punishment
in the humanity it has trampled upon,
while truth and right will take a
step upward to the discomfiture and
humiliation of vain and foolish pride
that has become insulting to the in-
tegrity and manhood of an exalted
people through their intelligence and
integrity.

A gang of men is expected to-day to
begin work on the Sunset Telephone
Company's line from this city to
Towles.

A carload of electrical appliances has
arrived for the Reno Reduction Works.
It is probable that the works will start
up again next week.

The Silver Party State Central Com-
mittee will meet in this city to-day.
The Democratic State Central Com-
mittee will meet Saturday.

Work has been shut down on the
lignite mine near Verdi. A quantity
of the lignite will be shipped to Reno
and distributed to residences and
blacksmith shops that a practical dem-
onstration may be had of its qualities
as fuel and for steam.

This is Encouraging.
It is rumored that the Reno reduc-
tion works will be in full blast again
in a few weeks. A gentleman who is
in communication with the managers
of the works gives the assurance that
custom ore will be handled. If this be
true, and if the works are made a suc-
cess, the hills around Reno will be
alive with prospectors this summer
and a number of now idle prospects
will be developed.

A number of ledges in the vicinity
contain greater or less quantities of
high grade ore. Should there be an
opportunity to work small quantities
of ore at home, the claim owners could
make their development work nearly
self supporting.

Change of Teachers.
Fred Waltz resigned his position in
the public school department yester-
day. He has been elected to the prin-
cipalship of the Austin schools, and
will enter upon his new duties Monday.
Mr. Waltz has filled his position in
this city with credit to himself and to
the complete satisfaction to the school
board and patrons of the school.

His successor has not yet been
chosen, but the position will be tempo-
rarily filled by H. H. Dexter. Mr.
Dexter is a graduate of the liberal arts
department of the University, and is
now taking a post graduate course.

He Runs the Office.
T. H. Brown has been deposed as
manager of the local Western Union
office. Although still second in com-
mand, he is ranked by Dick.

Dick is very attentive to business.
He never leaves the office but is always
on duty.

The new manager at the telegraph
office is a linnet. He has a cage off in
one corner, but rarely occupies it
except as a dining room and dormi-
tory. Dick gives the closest attention
to the instrument. When the JOURNAL
dispatches are coming in he takes his
stand beside the ticker and cooks his
head in the attitude of rapt attention.

BOERS MADE A

Held Their Position Until Charged
by a Superior Force With
Fixed Bayonets.

Special to the JOURNAL.

LONDON, April 12.—The War Office has posted a dis-
patch from Lord Roberts in which he reports that the Boers,
defeated by Methuen on April 5th, made good resistance for
four hours and only fled when the English, who greatly out-
numbered their forces, were within fifteen yards of them with
fixed bayonets.

General Buller reports that his right flank was attacked
yesterday while he was engaged in changing his position, but
the enemy were silenced by artillery. No further news was
received from Wepener.

Newlands Opposes the
Porto Rican Measure.

Special to the JOURNAL.

WASHINGTON, April 11.—Congressman Newlands
made a very vigorous speech today in opposition to the Porto
Rican bill. He criticized the civil government feature of the
measure and declared that the House, if left untrammelled,
would vote overwhelmingly to permit the delegate from Porto
Rico to sit on the floor of the House.

Jeffries Begins Training.

NEW YORK, April 11.—Jeffries began training today
for his fight with Corbett. His manager, Brady, issued a
statement offering to fight Kid McCoy one week after the lat-
ter meets Sharkey. He also offered to bet \$5,000 or \$10,000
that Jeffries knocks Corbett out.

The Miller trial in New York has shown that the arch-
swindler secured a million dollars from his dupes.

A R. De Flament, editor of the Journal, Doylestown, Ohio, suffered for a number of years from rheumatism in his right leg, shoulder and side. He says: "My right arm at times was entirely useless. I tried Chamberlain's Pain Balm, and was surprised to receive relief almost immediately. The Pain Balm has been a constant companion of mine ever since and it never fails." For sale by Wm. Pinniger.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself began to catch cold we begin to use the cough remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. MEARLU, General Merchant and Farmer, Mattie Bedford county, Pa. For sale by Wm. Pinniger.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) druggist called at the drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist, Mr. Otto Scholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by Wm. Pinniger.

GIGNOUX RETURNS

A Word About the Record of a Gallant Young Nevada Officer.

Lieutenant F. E. Gignoux arrived from Manila yesterday morning. He was granted a month's furlough on account of sickness and has returned to the old stamping grounds to recuperate before returning to the islands on May 1st. He spent yesterday visiting old friends and college chums but will leave for his home in Dayton this morning. Although the marks of sickness are upon the young lieutenant he is far from being an invalid. Lieutenant Gignoux has been in the "thickest" fighting and consequently has seen hard service. He was with General Lawton when the brave hero fell a victim to a Filipino bullet. Advance guard and skirmish duty has been his portion for the past six months. Space forbids our publishing a full account of the campaign. The lieutenant is very modest in regard to the numerous encounters in which he offered himself as a target, but in the course of conversation a carelessly dropped phrase now and then indicates that he took the leading part in more than one thrilling dash at the "niggers."

After a week's visit in Dayton Lieutenant Gignoux will depart for New York, but will return in time to re-embark for Manila on May 1st.

Measuring the Water Flow.

L. H. Taylor has been engaged since August on a study of the water supply of the Truckee river basin. He is collecting and tabulating information that will be issued in bulletin form by the government this fall. The result of his surveys and measurements indicates that the supply for the Truckee meadows this season will be quite meager. At best there can be but two crops of alfalfa harvested. Surveyor Taylor has found that the water of the Truckee may be stored at comparatively light cost but it would be extremely expensive to distribute the waters through the valleys north of Reno. He doubts if this could be done now that the power companies have appropriated such a great flow of water to the extent that was possible a year ago. Measurements made about the end of August last showed 800 cubic feet per second at the State line above all the irrigation ditches and 200 feet at Vista below all the ditches.

A New Official.

J. M. Wilson arrived from Nebraska last night. Mr. Wilson will be attached to the University, having the position of State irrigation engineer. He will make a study of Nevada with reference to water storage and irrigation.

There was considerable discussion of the proposed relay race with the Capital City Wheelmen of Sacramento. The race will probably take place in that city on July 4th. The financial secretary turned over \$106.75, his collections in the past two weeks. Ten members were received into the club and six new names were proposed.

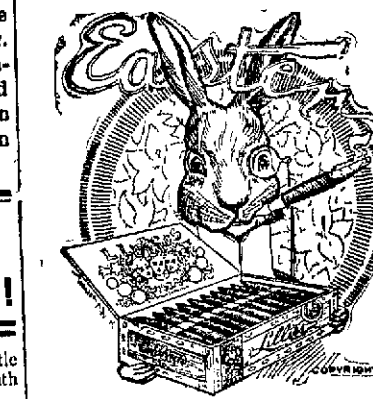

Weekly Crop Bulletin.

The weather for the week ending April 9th was unseasonably cool with severe frost on several mornings. Heavy snow fell in western and northern sections on the 2nd and 3rd, averaging 9 inches at Carson City, Ormsby county, and 15 inches at Deeth, Elko county. The snow storm was followed by a severe frost which did considerable damage to fruit buds in various parts of the State. In most districts farmers have finished plowing and seeding, and in many localities grain is up and looking fine. The meadows and alfalfa fields look promising, and the ranges are reported in good condition.
